

## *City of Waveland Festival of Lights*

*The city of Waveland will be holding its  
Annual Festival of Lights on Sunday,  
December 1, 2013, 5:30 PM 'til.*

*We are pleased to announce a change this year!  
We are inviting vendors to attend and sell their  
crafts, food, etc. In exchange for the space to sell  
your items, you we are asking you to provide a  
small give away item to the children.*

*It can be candy, baked goods, small toys or some kind of treat that would make the child feel special. We are excited and hope that you are as well. Our whole goal is to allow parents to have the opportunity to "shop local" and the kids to have a good time during the Festival. If you are interested you can reach me at*
